

EDIE

Understated style meets oversized comfort with the Edie Sectional, part of our award-winning duo® collection. Its clean and casual design features padded outer arms, a padded back, tapered wood legs, welt trim and built-in USB ports for charging your mobile devices. Beyond the style, however, is the unexpected power to recline. Simply use the side-mounted two-button control panels to recline and raise the legrests. And, the patented ComfortCore® cushions provide just the right support for a short or long sit. Make it yours with your choice of fabrics and available upgrades.
